

No one likes waiting.

Get faster access to registered Physiotherapists with **Benefits by Design (BBD) Inc., Green Shield Canada (GSC), and Phzio.**

Phzio is an accessible, cost-effective and easy way to receive physiotherapy treatment online. Choose to complete your treatment program on any digital device whenever, wherever it is comfortable for you. Access the Phzio web and mobile app through your phone, tablet or desktop computer.

Phzio provides you and your eligible dependents:

Better patient access. No need to travel to a clinic: plan members can access Phzio from anywhere they have the internet connection.

Better care, better outcomes. Physiotherapy through Phzio is less expensive than an in-person clinic visit and just as effective.

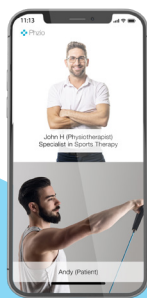

1000+ therapeutic exercises. No two injuries are the same! Every patient receives a customized program for their specific needs and conditions.

Accelerated outcomes. Plans members are more motivated to complete their rehabilitation program through the autonomy of an online platform.

visit **phzio.com/bbd**

Phzio will submit a claim on the plan member's behalf directly to GSC. GSC will pay Phzio directly for the services - subject to plan provisions. The plan members will be responsible for any difference that the plan does not cover, directly to Phzio.

Please note that regular maximums, copayments and/or deductibles may apply to the Phzio program. To confirm the level of coverage your plan has for Physiotherapy, GSC offers plan members the ability to check their coverage online through their self-serve website: Plan Member Online Services:
